

Brookfield Lions Community Garden
Gurski Homestead Property, Brookfield, CT

Garden Rules and General Guidelines - 2014

I. Introduction

The Community Garden is sponsored by the Brookfield Lions Club in conjunction with the Town of Brookfield. It is located on the Gurski property along Route 133 in Brookfield, approximately one-quarter mile south of Route 25 (Whisconier Road). Participation is limited to Brookfield residents age 16 or older. The non-refundable registration fee includes access to the on-site shed for supplies, maintenance of two well-fed water ports, bark mulch for weed control and perimeter fencing.

Each year the Brookfield Lions Club (the "Club") appoints a Garden Captain to oversee the activities required for the successful administration of the program. The Captain may nominate a Garden Marshall to assist with the day-to-day operation of the garden and ensure compliance to these Garden Rules and General Guidelines (the "Rules") so that all participants may have a safe, enjoyable and abundant gardening experience.

Each gardener is expected to read and agree to comply with these Rules.

II. Program Timeline

Last day for registration:	April 1
Community Garden Preparation Event:	Mid-April
Plot Abandonment Assessment:	June 1
Final Garden Cleanup Event:	Mid October

Registration applications and fees must be received by April 1. Plantings may only be started upon notification by the Garden Captain. Gardeners and Club volunteers are expected to participate in the Garden Preparation event which involves repairing or upgrading common areas and pathways. Garden plots that remain unsown by June 1 will be deemed abandoned and reassigned. Individual plot clean-up must be completed on or before the Final Garden Cleanup Event. Gardeners and Club volunteers are expected to participate in the Fall Clean-up event which involves winterizing the watering system, repairing damaged fencing, weeding pathways and clearing abandoned gardens. (Gardeners who do not participate in either the Spring Preparation or Fall Cleanup events without good cause may be denied future registration in the program.)

III. Plot Assignments

There are currently 106 garden beds of various sizes ranging from approximately 8' x 16' to 16' x 16'. All are assigned by the Club on a first-come, first-serve basis. Returning gardeners will be assigned the same plot unless otherwise requested. Plot edges are marked by stakes. Additional boundaries may be erected by registered gardeners provided that they do not encroach upon the pathways. Raised beds are

discouraged and are subject to review by the Club. Registered gardeners are not permitted to transfer their plots to other individuals.

IV. Planting and Chemical Restrictions

Plants with vines (peas, cucumbers, squash, pumpkins etc) must be staked, trellised, or otherwise confined to prevent them from growing beyond the plot boundary. Bush varieties of these vegetables are recommended. Crops must be legal and may not be used for commercial purposes. Plants that shade other gardens or grow into pathways are not permitted. Vegetation outside the garden perimeter, such as trees and shrubs, may not be disturbed in any way.

This is an organic garden. Do not use colored mulch or pressure-treated wood that contains arsenic or other chemical. **THE USE OF ROUND-UP™ OR OTHER INORGANIC CHEMICALS FOR CONTROLLING WEEDS AND PESTS WILL RESULT IN FORFEITURE OF YOUR PRIVILEGES.** Please contact the Garden Captain for questions on what is approved for use or to report violations.

V. Gardener Responsibilities

Participate in the spring Garden Preparation Event. Turn over soil and sow crops on or before June 1. Use mulch or weed control materials. Crop or remove mature plantings that encroach on pathways or block sunlight to neighboring plots. Repair or replace deteriorating stakes or plot boundaries. Weed the garden and adjacent paths regularly. Clean community garden tools and return them to the tool shed prior to leaving the property. Clean, cover-crop or mulch the plot on or before the Fall Cleanup Event.

Be courteous to other gardeners. Do not cause damage to, traverse through, or harvest crops from other gardens. Shut off water systems completely after each use. **ENSURE THE TOOL SHED AND ALL GATES ARE LOCKED PRIOR TO LEAVING THE PROPERTY.** (The Club is not responsible for personal items left in the garden or shed. Please notify the Garden Captain prior to donating tools so an accurate inventory of supplies can be maintained.)

PETS ARE NEVER PERMITTED INSIDE THE GARDEN OR TO WANDER UNTENDED ALONG THE FENCING, MULCH PILES, OR PARKING AREAS.

Inform the Garden Captain immediately of any problems impacting the integrity of the garden property or equipment. Ensure that the Club has updated and accurate personal contact information (e-mail, phone). Notify the Captain when an extended absence may result in harvest waste. (See section VII - Harvest Donations).

VI. Garden Captain Responsibilities

Serve as the point of contact for all program issues or concerns. Process registrations and communicate plot assignments in a timely manner. Maintain adequate garden supplies, such as tools and mulch, and ensure the proper functioning of the water system. Organize the spring Garden Preparation and fall Clean-up events. Facilitate timely resolution of issues that affect the general integrity of the garden

property. Oversee enhancements or changes to the property or program in coordination with the Town of Brookfield.

Ensure gardeners' compliance to these Rules. Attempt to amicably resolve issues of non-compliance within 10 days of notification to gardener. Club rights include:

- Reassigning and/or clearing abandoned gardens
- Adjusting plot boundaries prior to growing season (staking, pathways)
- Cropping or removing plantings that block sunlight to other gardens or grow beyond plot boundaries
- Harvesting vegetables from abandoned gardens (subject to gardener notification and 2-day grace period)

VII. Harvest Donations

Gardeners who wish to donate harvested crops may place them in bags at the North gate. Alternatively, they may design "Donation" stakes to place at the end of a row of ripened crops in their garden. The stake indicates to others that harvesting of crops in that row is permitted. Removing the stake rescinds that permission.

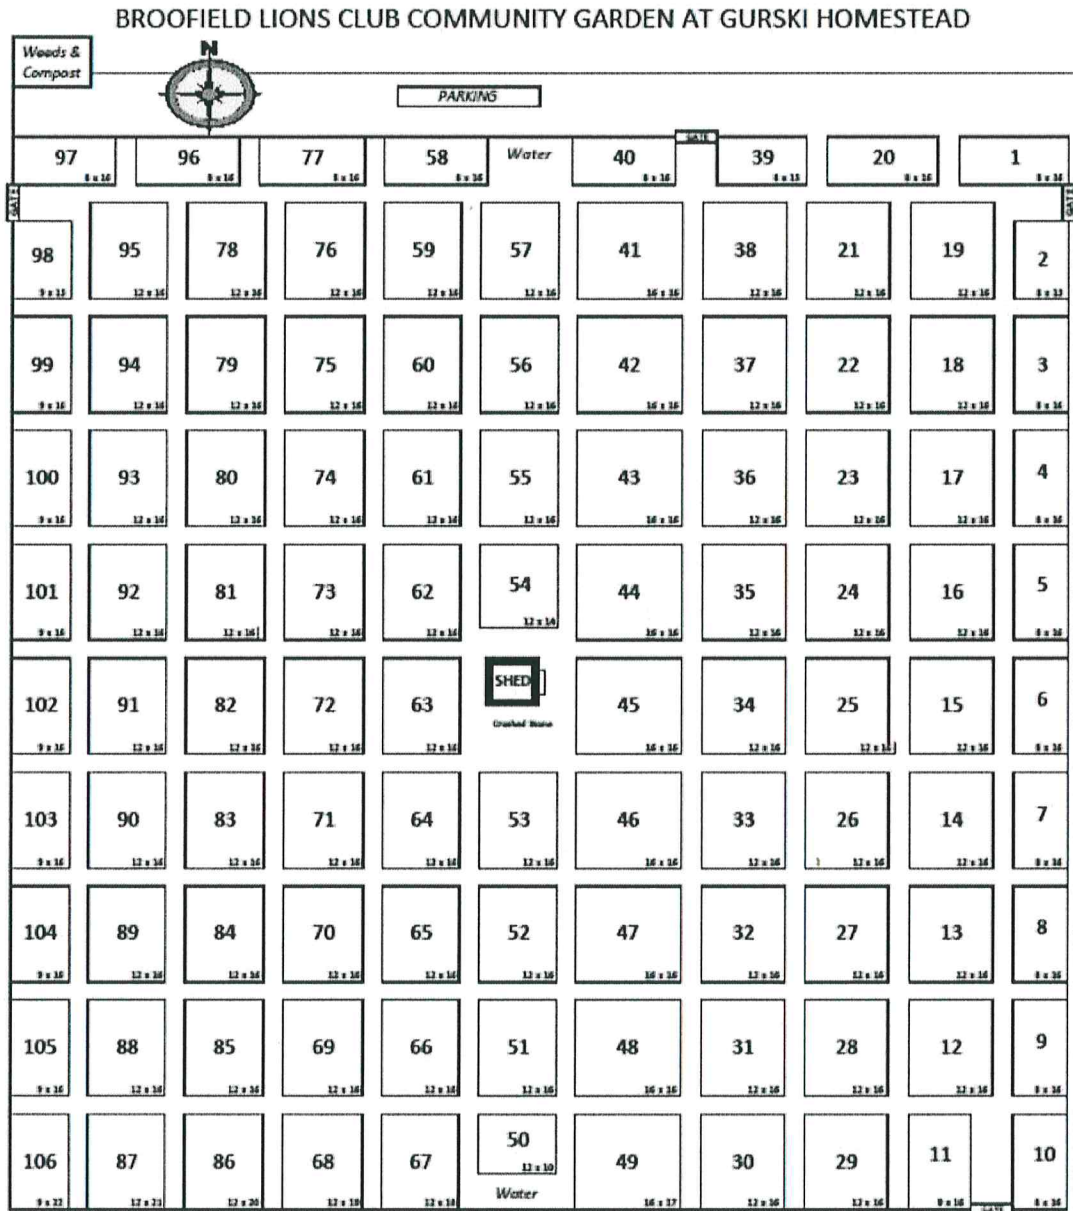

Please confirm your agreement to these terms by signing and returning the attached Participation and Hold Harmless Agreement along with the non-refundable registration fee **payable to the Brookfield Lions Club** to:

Town of Brookfield
Department of Parks and Recreation
